Business & Commercial Aviation Digital Ad Materials

Preferred File Format - SWOP Recommended: Hi-resolution PDF, Other Accepted File Formats: TIFF/IT-P1, PostScript.

Do not submit Application Files and Native Files (Quark, InDesign, Illustrator, Pagemaker, Photoshop, etc.) which by themselves are not predictable. Contract color proof must be furnished.

Disk - Macintosh compatible CD-ROM. Disks should contain all necessary fonts and supporting files for processing.

Color Proof Required - Disk must accompany one of the following color proofs: EPSON, Matchprint, Chromalin, Kodak Approval. Lasers, fierys, rainbows and color copies are not acceptable color proofs and can be followed for content only.

Digital Specs:

- File to contain only 1 page or 1 spread
- Line screen: 133 lines per inch (54 lines per centimeter)
- Screen angles used unless otherwise requested on disk label: C-15%, M-45%, Y-90%, K-75%
- All required trapping should be done prior to creating the file
- Include quality control patch (color bars) within maximum dimension of ad file
- All marks (trim, bleed, center) should be included in all colors
- All advertising materials will be stored by publisher for 13 months from date of publication and then destroyed unless otherwise requested in writing.
